[By Associated Press.]
Berlin, June 26.—A full page appeal for peace was published by the German social democratic party. The appeal was issued by the managing committee of the party and it calls for a peace which will make possible friendships with neighboring nations. It opposes any annexation of territory whatever. It declares the German people want peace and calls upon the government in the name of humanity to announce its readiness to enter peace negotiations.

The announcement says the social democrats expect the members of the party in other countries to work for peace. It declares the socialists having foreseen the coming of war, but having offered themselves freely to their country in the army, now have the right to be heard for peace.

THESE warm days when "Old Sol's" rays play havoc with perishable fruits and vegetables in short order, it is a satisfaction to know that you may have on your table for the noon meal, vegetables and farm products generally, which left the farm at dawn of the same day. And the cost is no greater—often less than you pay at other stores.

FRANK JONES WAS DROWNED IN BRAZOS

Lost Life in Remarkable Incident Where Truth Sounds Stranger Than Fiction.

Mr. Hill D. Wilson phoned the Eagle this afternoon the particulars of a most remarkable occurrence, which happened on the Brazos river this morning, and in which one man lost his life.

Mr. Wilson said while Frank Jones and Powell Halley, colored, were plowing this morning, about 8:30, on the John Dupuma farm, two miles south of Mudville, a deer jumped up near them and some dogs chased it into the river, where it was drowned. The two negroes stripped off their clothes and jumped into the river to recover the deer and as soon as they struck the swift current, Frank Jones went under and was drowned. His body had not been recovered when Mr. Wilson phoned the Eagle. Powell Halley swam safely to shore. The deer was also later recovered.

The water where the tragedy occurred was 15 to 20 feet deep and the current very swift. Mr. Wilson had organized a party of some twenty men when he phoned us, and said they would leave for the scene in a short time to try to recover the body of the drowned man.

No report of their efforts had been received when the Eagle went to press.

Little Rock, Ark., June 26.—Louis Rapetti, an Italian, who has amassed a fortune in the United States in the commission business, has 12 small potatoes that cost him \$7,010. According to stories Rapetti told the police Friday he was out that sum as the result of the operations of another Italian, for whom a warrant has been issued. The Italian and Rapetti deposited securities in boxes of similar appearance, but when Rapetti opened his box he found it had been switched and instead of his money being intact the box contained 12 potatoes.
